The money thus obtained (after paying necessary expenses, is applied—First.—To the production of a large and costly ORIGINAL ENGRAVING from an American painting, of which the plate and copyright belong to the Institution, and are used solely for its benefit. Of this Engraving every member receives a copy for every five dollars paid by him. Members entitled to duplicates are at liberty to select from the engravings of previous years. Whenever the funds justify it, AN EXTRA ENGRAVING OR WORK OF ART is also furnished to every member. Every member also receives a full Annual Report of the proceedings, &c., of the Institution.

Second.—To the purchase of PAINTINGS and SCULPTURE, STATUETTES in Bronze, and MEDALS, by native or resident artists. These paintings and sculptures are publicly exhibited at the Gallery of the Art-Union till the annual meeting in December, when they are PUBLICLY DISTRIBUTED BY LOT among the members, each member having one share for every five dollars paid by him. Each member is thus certain of receiving in return the value of the five dollars paid, and may also receive a painting or other work of art of great value.

Third.—The Institution keeps an office and FREE PICTURE GALLERY, always open, well attended, and hung with fine paintings, at 497 Broadway, where the members in New York receive their engravings, paintings, &c., and where the business of the Institution is transacted.

Fourth.—The BULLETIN of the Art-Union, which has now been enlarged to include, in addition to the usual Catalogue of Pictures and List of Subscribers, particular descriptions of works purchased for dis-

tribution, news of interest in relation to the Fine Arts, extracts from the correspondence of the Institution, Wood-cut Illustrations of Paintings belonging to the Gallery, and generally such matters of interest connected with the Art-Union as may be desirable to subscribers, will be furnished gratuitously to Honorary Secretaries, and to those members who, after paying their subscriptions, shall signify their desire to have it forwarded to them by mail. To all others the price will be six cents per number.

Distribution of the Engravings, and the Annual Report of the year 1848.—The Engraving of "Queen Mary signing the Death Warrant of Lady Jane Grey," upon steel, and measuring 23 inches by 152 inches, was finished early in the year, and has been in the hands of the printer ever since its completion.

Prints are being taken from it at the rate of fifty
per day, and the distribution of them will commence
about the first day of May next.

An effort will be made to deliver them as nearly

as possible in the order of the receipt of subscriptions. Those Honorary Secretaries, therefore, who transmitted the earliest remittances may expect to be first supplied. The Outline Illustrations of Rip Van Winkle will be ready for delivery at the same time with the "Queen Mary."

The "Transactions" will be published and distributed at the same time with the "subscriptions". ributed at the same time with the engravings.

The Engraving for the year 1849.—The plate of "Youth," being the second picture of Mr. Cole's celebrated series of the "Voyage of Life," is in progress under the skilful burin of Mr. James Smille, who will undoubtedly make it the best large land-scape engraving ever executed in this country. A small etching of this picture will accompany the volume of "Transactions" about to be published. The Medal for the year 1849.—The subject of this medal is the head of Colonel Trumbull, in continuation of the series of distinguished American artists, commenced by the representations of Allston and

some time since by the General Board to inc into the expediency of procuring statuettes in br London Art Union for several years has expended most judiciously a portion of its funds in encouraging this branch of Art. There has always been a difficulty in this country in obtaining proper workmen, which is the principal reason why reworking, which is the principal reason why re-duced copies in bronze have not already been made of several exquisite statues, modelled by our own artists, and which seemed peculiarly adapted to this mode of treatment. This obstacle has now been removed, and there are here at present several persons lately arrived from Europe, who are fully competent to undertake this kind of work. Indeed, competent to undertake this kind of work. Indeed, the small bust of an Indian, beautifully modelled by Brown, has been reproduced in bronze by one of these artists in a very satisfactory manner. A resolution has accordingly been passed, in accordance with the recommendation of the special committee of inquiry, that Mr. Brown be commissioned to model a statuette in bronze, twenty inches in height, illustrative of Indian form and character, and that twenty copies in bronze be cast for distribution among the members of the year 1849.—A set of

Etchings in Outline for the year 1849.—A set of Outlines, similar to the illustrations of Rip Van Winkle, will undoubtedly be published for the members of the present year. The special committee upon Engravings have the subject under consideration, but have as yet made no report upon it to the General Board. Due notice shall be given as soon as that body pass a decisive resolution in relation to it.
